READ—

Letter No 1167 61 dated 6th August 1900 from the Inspector General of Education in Mysore submitting the budget estimates of the Industrial School, Mysore for the year 1900 1901 with the following explanatory Memo —

EXPLANATORY MEMO

The grand total of the budget estimates provided for the Industrial School for the year 1900 1901 is Rs 16 519 against Rs 17 853 sanctioned in the past year

ITEM I MACHINERY AND TOOLS

1 *Drawing Class* —A sum of Rs 98 is provided for this class in the current year against Rs 408 provided for last year This amount includes the value of certain articles such as slant tiles sponges and free hand wall-cards as they were not purchased last year

2 *Moulding Class* —The amount provided for this class in the current year is Rs 62 against Rs 312 sanctioned for last year This is to provide this class with sundry tools

3 *Carpentry and Wood carving Class* —A sum of Rs 92 has been provided for this class in the current year's budget against Rs 142 sanctioned last year This sum includes the cost of two dozen country iron planes for the use of beginners learning this trade

4 *Blacksmiths' and Fitters Class* —This current year's grant of Rs 120 is slightly in excess of the past year's grant. This is required for the purpose of purchasing files &c, for the daily use of the boys and to replace such as are worn out by long use

5 *Masonry Class* —Last year's provision of Rs 112 is retained for the current year A clinometer was provided for this class in last year's grant As the instrument was not available last year it has to be obtained from the current year's grant

6 *Pottery Class* —A sum of Rs 360 is provided for this class against Rs 660 provided for last year This is required for preparing two teak wood tubs for keeping glazes for pottery and tiles as well as preparing small wood frames for carrying moist tiles from the tile press to the drying sheds This sum also covers the probable shipping and transhipping charges on the drain pipe socketing machine recently ordered from last year's grant

7 *Rattan work Class* —A sum of Rs 670 is provided for this class in the current year against Rs 670 sanctioned for last year This sum was provided last year for a Cane splitting machine as per Ransomes catalogue page 143 1899 Edition As the latter have communicated their inability to supply this machine at present, it is intended to get this labor saving machine from the current year's grant

8 *Machine Class* —A sum of Rs 298 has been provided for this class in the current year's budget against Rs 605 sanctioned in the past year The sum provides this class with a few lathe chucks and other appliances which are badly wanted

9 *Sundries* —Last year's provision of Rs 190 is retained in the current year to meet any unexpected charges such as variation in the price of tools &c usually caused by a rise in exchange

ITEM II MATERIALS

Last year's provision is retained for the current year under all the seven headings of this item The classes should always be supplied with a sufficient quantity of good and seasoned timber cane iron &c, as they should work without interruption

ITEM III SCHOLARSHIPS

The provision of Rs 3 300 made for the current year is the same as that of last year This includes the sum of Rs 900 provided for the Weavers' Class now working at Chamrajapet A revised scale of scholarships for each class in the school was submitted some months back for sanction An early order is awaited to give effect to the increased scale of scholarship as the senior boys, who have passed the prescribed tests, are found to

leave the school as they have great inducements of higher wages outside the school In this connection I beg to submit that it is advisable to keep the best boys in the school on an increased scale of scholarship As task workers they will set an example to the recruits, who are enrolled in the classes at all times of the year

ITEM IV, RENT OF BUILDING

Last year's provision is retained for the current year under the headings 1, 2 and 3 of this item The amount in heading 3 is provided to meet the charges for constructing new kilns for pottery, tiles &c should the school move elsewhere in the current official year

ITEM V, CONTINGENCIES

(1) *Office and School Furniture*—A sum of Rs 200 is provided in the current year against Rs 300 granted last year This amount is required for paying artizans to make the required articles of furniture from teak wood purchased from last year's grant The same provision is retained for the current year under each of the sub heads 2, 3, 4, 5 and 6 respectively

ITEM VI WAGES OF TEMPORARY ESTABLISHMENT

1 (a) Last year's grant of Rs 120 (pay of wood carver) is repeated for this year under this head

(b) The same provision of Rs 630 is retained under this head for employing artizans such as carpenters sawyers, smiths &c to execute large orders if the boys alone cannot complete them owing to the limited number of working hours in the school

2 (a) The current year's provision of Rs 300 is slightly in excess of the past year's grant This is to meet charges of three or four coolies who have to be employed in preparing clay for the manufacture of tiles As the demand for mission tiles is growing day by day it is found necessary to maintain a good supply of tiles for sale Under 2 (b) and 2 (c) of the same item the past year's grant is retained for this year

ITEM VII, ESTABLISHMENT

There are no additions or increases sanctioned by Government under this item, hence the figures under the head remain unchanged

ITEM VIII WEAVING INDUSTRY

No provision has been made in the year under this head as there are sufficient looms for the boys to work at Chamaraja Mogga

ITEM IX, NIGHT CLASSES FOR GENERAL INSTRUCTION

Under this head the usual provision of Rs 50 under (1) and Rs 144 under (2) is retained in the current year's budget
